UNA HEALY

Hi Una! Do you love getting glammed up? It's mostly a chore! You have to sit there getting your hair and make-up done and sometimes think, 'I wish I could do it myself'. Do you style yourself? Wherever possible. For video shoots [*The Saturdays*] have a stylist, but we're all individual.

DIANA VICKERS

Hi Diana! Are you excited about releasing *The Boy Who Murdered Love*? I'm really excited! It's about when you love someone and the world is a perfect place, then they break your heart and change your concept of love. Are you still an optimist in love? Love isn't murdered for me yet! I'm still optimistic, thankfully.
